Do you want more from your Accountant?

## FRANCHISEES

Toohey Reid's unique approach to servicing the franchise market is centred on developing relationships with franchisees as well as the franchisors and banks. Our relationship with franchisors provides us with ongoing and up to date information on some of the most popular franchise systems and their performance. We are also on bank internal panels for completing valuations of franchises and as franchisee experts providing business, taxation and accounting services.

This means Toohey Reid can provide current and intending franchisees with valuable franchise specific advice in the following areas:

### Franchise Acquisition

We are able to appraise your intended purchase to ensure the asking price is appropriate and the financial information provided to you is accurate.

### Financing

Assist in obtaining a finance package to help you acquire or finance a franchise and/or other assets. In most cases we can obtain finance for 70% of the franchise purchase price without Real Estate security.\*

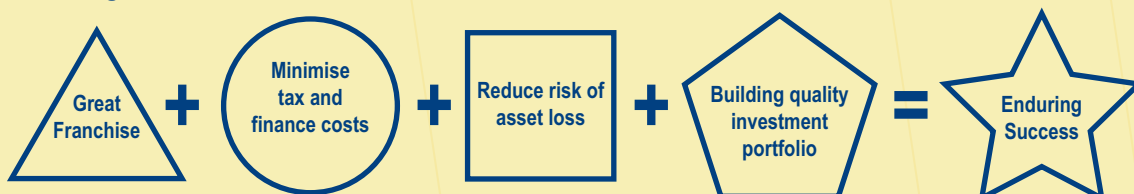

### Performance

We can help you to improve your performance by benchmarking against peers.

## MORE THAN JUST ACCOUNTING

There is more to enduring success than just owning a great franchise. There are a number of matters critical to enduring success that will not be covered in your franchise system and unfortunately, these matters are often overlooked by many advisors.

### Winning Formula

If you would like to discuss how we can help you, please contact us for an obligation free meeting.
